

HEALTH AND COMMUNITY FAIR

The Pride Scotia Health and Community Fair provides a platform for community engagement. It is an excellent opportunity for organisations and community groups to recruit new members or inform the LGBT community about their services.

The Health and Community Fair will be based in The Omni Centre. Each stall will consist of a collapsible trestle table. An increased space allotment for large displays etc can be made available upon request and will be subject to additional cost. Stall pricing is negotiable and can be included as part of an over all package. We will not be making provisions for electricity supply.

	Price
Commercial Organisation	£350
Funded Community Organisation	£150
Unfunded Groups	£30
